4.	On 2 December, sedans which were occupied by officers, were observed at the restricted area on the southern perimeter of Roeblinsee. A board fence, 300 meters long, was under construction in the restricted area.	25X1C
5 . ,	At about 4:30 p.m. on 25 November, a train of 2 passenger cars with officers, 43 boxcars with enlisted men and 1 gondola car with briquettes passed through the Lychen railroad station toward Templin. At about 5 p.m. on 27 November, a train of 1 passenger car and 46 boxcars with enlisted men also passed through the Lychen railroad station toward Templin. 3	
6.	On 3 December, about 200 men dug trench shelters, machine gun emplacements and foxholes along the Dannenwalde - Fuerstenberg road. Several trucks shuttled to the site trunks of trees and timber cut to size.	
1.[	Comment. The installations reported are still occupied as indicated in previous reports.  The digging work reported in paragraph 6 is believed to be that described	25X1A
	in paragraph 1.	25X1C
2.	Comment. It is believed that, from personnel exchange and limited service activities during this season. erroneously concluded that the barracks installation on the Kastaven See was occupied below capacity. It is assumed that, as stated in a previous report in late November, the complete 33d Gds Mtz Rifle Regt of the 9th Gds Tank Div, was in the instal-	25X1
